Building a CJ Site

Invest a few bucks on a hosting plan with some good companies such as <http://www.hosthead.com> [they have very good prices and quality, that is why most of my sites are hosted there].

Another option is signing up for RevShareHosting (<http://www.revsharehosting.com/9751>) but then you will only be able to promote the sponsors allowed by them, and you will also get lower payouts, but wont have to worry about bandwidth or anything like that as you will pay your hosting with the commission made with your sales (that is why you get a lower payout).

If you don't have any money at all sign up for some free hosting (I really DON'T recommend you to do that, but if there is no other option go for it).

Get yourself a traffic trade script:

<http://www.proton-tm.com/>

<http://www.turbotraffictrader.com/>

<http://tgpasylum.com/tradezilla.html>

<http://cjoverkill.icefire.org/>

<http://www.xclicks.net/>

Get some content (free ones are also welcome)

Sponsors Free Content is also welcome (but you must promote their sites on the page you are using it...who wouldn't? [note: some sponsor require that you promote only their sites on the page where you are using the content offered by them])

Find good toon/hentai/anime sponsors. These are some of the sponsor I recommend:

<http://martinpeak.com/join/hit.php?w=100302>

<http://www2.slickcash.com/?r=684457> - links under request

<http://click.silvercash.com/?a=1002504&p=7&s=999&r=1>

<http://www.platinumbucks.com/?revid=10189>

<http://www.spacash.com/?id=pornpf69>

And sign up with the best PPC sponsor I have ever used:

<http://www.fpctrffic2.com/webm.cgi?pornpf69>

Make a simple design

something like this is ok: <http://pf69chicks.com/>

or like this: <http://pf69-galleries.com/hentai.shtml>

Start looking for trades! Don't know where to find them? Click on my site, on the botom of it there are the 'Our Best Friends', and below it there is the link to the best traders I have. Click on it, go to their pages, and so on. This is the best way to find trades, make sure you dont trades with sites that are much bigger than yours (more about this on the trades tutorial).

Try trading only with toon/hentai/anime sites this way you will get a much better productivity, which means a better chance of making some more money.

After you have done all this you will have to find out some good ways to get traffic for your site.

The easiest way is by submitting it to linkd umps/BBS (there are some free submitter to do it, but I really recommend you rSubmitter [<http://pf69tutorials.info/rSubmitter/>] or AceWare Submitter [<http://www.acewaresubmit.com/pf69/>]).

Buying traffic is also a good option, but be aware that you will have to work a lot to keep the traffic that came your way!

DON'T USE POP UPS OR POP UNDERS ON YOUR CJ SITE! IF YOU WANT TO DO THIS MAKE A NEW PAGE CALL IT WHATEVER YOU WANT AND ADD IT THERE BUT THAT PAGE IS NOT THE ONE WHERE YOUR TRADERS WILL SEND YOU HITS!

Clean version: <http://pf69chicks.com/index.shtml>
Dirty version: http://pf69chicks.com/horny_toons.php

Clean version: <http://www.orgiesforyou.com/index.shtml>
Dirty version: <http://www.orgiesforyou.com/toon-orgies.shtml>

Both pages look just the same...but one has pop ups from FPC (which is a very good source of income, if you have enough hits to it).

When I submit my site to Link Dumps and to BBS I always use the dirty version (be aware: this might get you banned on some places).

On the dirty version you will not send traffic to the PPC sponsor, only to the trades, so you will have to make it a bit different from the index (the content will be the same, but the links will be different).

You can make as many dirty versions as you want to (and try to use lots of keywords, this will increase the chances of getting some SE traffic on your CJ!).
